5 for imparting a third benefit to the skin, the first wet wipe comprising a marking to alert a user to use the first wet wipe prior to the second wet wipe, the second wet wipe comprising a marking to alert a user to use the second wet wipe after the first wet wipe, and the third wet wipe
10 comprising a marking to alert a user to use the third wet wipe after the second wet wipe.

2. The skin care system as set forth in claim 1 wherein the marking on the first wet wipe, the second wet wipe, and the third wet wipe comprises a sequential numeric system.

3. The skin care system as set forth in claim 1 wherein the marking on the first wet wipe, the second wet wipe, and the third wet wipe comprises a sequential alpha-numeric system.

4. The skin care system as set forth in claim 1 wherein the marking on the first wet wipe, the second wet wipe, and the third wet wipe comprises a coloring system.

5. The skin care system as set forth in claim 1 further comprising a fourth wet wipe, the fourth wet wipe comprising a marking to alert a user to use the fourth wet wipe after the third wet wipe.

6. The skin care system as set forth in claim 1 further comprising a fifth wet wipe, the fifth wet wipe comprising a marking to alert a user to use the fifth wet wipe after the fourth wet wipe.

7. The skin care system as set forth in claim 1 wherein the first benefit imparted by the first wipe is a cleaning of the skin benefit.

8. The skin care system as set forth in claim 7 wherein the second benefit imparted by the second wipe is a maintaining of the skin benefit.

9. The skin care system as set forth in claim 8 wherein the third benefit imparted by the third wipe is a protecting and preventing damage benefit.

10. The skin care system as set forth in claim 1 wherein the pre-packaged multi-step skin care system comprises a single container comprising the first wet wipe, the second wet wipe, and the third wet wipe.

11. The skin care system as set forth in claim 1 wherein the pre-packaged multi-step skin care system comprises a first container comprising the first wet wipe, a second container comprising the second wet wipe, and a third
5 container comprising the third wet wipe.

12. A pre-packaged multi-step skin care system for caring for skin, the system comprising a first container comprising a first wet wipe for imparting a first benefit to the skin, a second container comprising a second wet wipe for
5 imparting a second benefit to the skin, and a third container comprising a third wet wipe for imparting a third benefit to the skin, the first wet wipe comprising a marking to alert a user to use the first wet wipe prior to the second wet wipe, the second wet wipe comprising a marking to alert a user to
10 use the second wet wipe after the first wet wipe, and the third wet wipe comprising a marking to alert a user to use the third wet wipe after the second wet wipe.

13. The skin care system as set forth in claim 12 wherein the marking on the first wet wipe, the second wet wipe, and the third wet wipe comprises a sequential numeric system.

14. The skin care system as set forth in claim 12 wherein the marking on the first wet wipe, the second wet wipe, and the third wet wipe comprises a sequential alpha-numeric system.

15. The skin care system as set forth in claim 12 wherein the marking on the first wet wipe, the second wet wipe, and the third wet wipe comprises a coloring system.

16. The skin care system as set forth in claim 12 further comprising a fourth wet wipe, the fourth wet wipe comprising a marking to alert a user to use the fourth wet wipe after the third wet wipe.

17. The skin care system as set forth in claim 12 further comprising a fifth wet wipe, the fifth wet wipe comprising a marking to alert a user to use the fifth wet wipe after the fourth wet wipe.

18. The skin care system as set forth in claim 12 wherein the first benefit imparted by the first wipe is a cleaning of the skin benefit.

19. The skin care system as set forth in claim 18 wherein the second benefit imparted by the second wipe is a maintaining of the skin benefit.

20. The skin care system as set forth in claim 19 wherein the third benefit imparted by the third wipe is a protecting and preventing damage benefit.

21. A pre-packaged multi-step skin care system for

caring for skin, the system comprising a first container comprising a first wet wipe for imparting a first benefit to the skin, a second container comprising a second wet wipe for
5 imparting a second benefit to the skin, and a third container comprising a third wet wipe for imparting a third benefit to the skin, the first container comprising a marking to alert a user to use the first wet wipe prior to the second wet wipe, the second container comprising a marking to alert a user to
10 use the second wet wipe after the first wet wipe, and the third container comprising a marking to alert a user to use the third wet wipe after the second wet wipe.

22. The skin care system as set forth in claim 21 wherein the marking on the first container, the second container, and the third container comprises a sequential numeric system.

23. The skin care system as set forth in claim 21 wherein the marking on the first container, the second container, and the third container comprises a sequential alpha-numeric system.

24. The skin care system as set forth in claim 21 wherein the marking on the first container, the second container, and the third container comprises a coloring system.

25. The skin care system as set forth in claim 21 wherein the first wet wipe, second wet wipe, and third wet wipe comprise a marking for alerting a user to the proper sequence of use of the wipes, the marking system comprising a
5 sequential numeric system.

26. The skin care system as set forth in claim 21 wherein the first wet wipe, second wet wipe, and third wet wipe comprise a marking for alerting a user to the proper

sequence of use of the wipes, the marking system comprising a
5 sequential alpha-numeric system.

27. The skin care system as set forth in claim 21
wherein the first wet wipe, second wet wipe, and third wet
wipe comprise a marking for alerting a user to the proper
sequence of use of the wipes, the marking system comprising a
5 coloring system.

28. A pre-packaged multi-step skin care system for
caring for skin, the system comprising a first product, a
second product, and a third product, the first product
comprising a marking to alert a user to use the first product
5 prior to the second product, the second product comprising a
marking to alert a user to use the second product after the
first product, and the third product comprising a marking to
alert a user to use the third product after the second
product.

29. The skin care system as set forth in claim 28
wherein the marking on the first product, the second product,
and the third product comprises a sequential numeric system.

30. The skin care system as set forth in claim 28
wherein the marking on the first product, the second product,
and the third product comprises a sequential alpha-numeric
system.

31. The skin care system as set forth in claim 28
wherein the marking on the first product, the second product,
and the third product comprises a coloring system.

32. The skin care system as set forth in claim 28
wherein the first product, second product, and third product
